

BRYAN COMMENTS.

Lincoln, Neb., Nov. 10.—William J. Bryan, commenting on Tuesday's election, has this to say:

"The election of 1906 indicates a trend in favor of the Democratic party. It proves that the Democratic party is growing stronger as Republican policies are developed. In New York the party has won a signal victory in spite of the tremendous efforts put forth in behalf of the administration. The Republicans had all the money they wanted; they had the support of all the great corporations, and at the close they had whatever influence the administration could lend."

"The fact that the Democrats elected every state officer excepting the governor shows that in the Empire state the Republican party has been repudiated. The defeat of Mr. Hearst, while a great disappointment to his friends and to the party, is explained by facts which rob Mr. Hughes's victory of both glory and political significance. Mr. McCarren, whom Mr. Hearst denounced as a boss, threw his influence to Hughes and cut down Mr. Hearst's vote in Brooklyn. Mayor McClellan used his influence to elect Mr. Hughes and cut down Mr. Hearst's vote in New York. Mr. Jerome, the prosecuting attorney of New York, who had been attacked by Mr. Hearst, supported the Republican ticket and his influence was felt in Greater New York."

"Mr. Croker, during the last days of the campaign, made an attack upon Mr. Hearst which doubtless weakened the Democratic candidate among the Tammanyites. Mr. Murphy, the head of Tammany, while supporting the ticket, could not put much enthusiasm into the campaign, owing to the personal controversies which he had had with Mr. Hearst. It is evident, therefore, that Mr. Hughes owes his victory not to Republican votes, but to Democratic votes brought to him by the very men whom he and the Republican leaders have been denouncing for years."

"President Roosevelt cannot find very much cause for rejoicing in the result. To have his own state go Democratic cannot be gratifying to him, and to find that his personal attack upon Mr. Hearst had little influence on the result compared with the influence exerted by McCarren, Murphy and Croker, will not gladden his Thanksgiving day. The president's personal attack on Mr. Hearst was in bad taste, to say the least."

least, and the failure of that at-
tack to favorable impress the
public ought to be a warning for
the future.

"Mr. Hearst is, of course, dis-
appointed, and yet, when all the
facts are known, he has much to
congratulate himself upon. He
made a tremendous fight against
great odds, and while he himself
failed of election, his heroic
struggle brought victory to the
rest of the ticket. As the rest of
the ticket stood for the same prin-
ciples for which he contended, it
is evident that he has been vindic-
ated on the position taken, and
this must be more gratifying to
him than any personal victory
could be. His personal enemies
have contributed to his defeat, but
the triumph of his ideas still
leaves him in a position to continue
the fight for the protection of the
public against the encroachments
of predatory wealth."

"If the trend toward Demo-
cracy continues as strong for the
next two years as it has been for
the last two years, New York can
be counted among the Demo-
cratic states in 1908, and Mr.
Hearst is in a position to do
valiant work in securing a national
triumph for progressive, Demo-
cratic ideas."

"The Democratic gains in con-
gress have not been as great as
the party expected, but they have
been sufficient to make it probable
that the Democrats will control
the congress to be elected in 1908.
In Iowa, Kansas and California
the Democrats made a splendid
fight for their gubernatorial ticket.
The reduction of Governor Cum-
mins's majority from more than
70,000 to about 20,000 puts Iowa
in the doubtful states for two
years hence. Kansas and California
can no longer be claimed as
certainly Republican."

"The victory in Missouri will
bring joy to every Democratic
heart. A rail went up when
Missouri dropped out of the Demo-
cratic column two years ago. Her
return is greeted with widespread
rejoicing. Oklahoma, the new
state, comes in with a rousing
Democratic majority. The con-
stitution will be written by Demo-
crats and she will send two sena-
tors to fight in the interest of the
wealth producers. Democracy
welcomes Oklahoma to a seat near
the head of the table."

"In Nebraska the Democrats
hoped, with the aid of the Popu-
lists, to elect their state ticket and
their candidate for United States
senator. In this they failed, but
they have made substantial gains
throughout the state, as shown by
the vote on congressmen and the leg-
islative ticket, as well as by the
state ticket. They have gained
one congressman and came within
less than 200 votes of gaining an-
other. In two other districts the
Republican majorities have been
so much reduced that we can reason-
ably count on four Democratic
congressmen two years from now."

The Republicans have had an
effective campaign cry in 'Stand-
ing by the president.' While the
record showed that the Democrats
in the senate and house stood by
the president better than the Re-
publicans, the admirers of the
president very nearly gave weight
to his appeal for a Republican con-
gress, also in making the appeal
the president put a personal victory
above the reforms that he has
been advocating. Two years from
now that appeal will be of no avail
for the president will not be in the
office after March 4, 1909. Even
if he were a candidate—which no
friend of his can assume after his
repeated declarations—he would
have to confront his third-term
issue, and would say that that
issue alone would not lose the
president enough votes to make his
race hopeless?"

"The popular vote, as indicated
by the congressional elections,
shows that the Republicans even
now have a narrow margin to go
on, and that margin will be quickly
wiped out if the president allows
himself to be drawn into a race for
a third term."

Dancing Proves Fatal

Many men and women catch
colds at dances which terminate
in pneumonia and consumption.
After exposure, if Foley's Honey

Leg Broken

(McArthur Enquirer.)

F. M. Wood got his leg broke
Wednesday morning, by being
kicked by a steer, while weighing
cattle. The outer bone below the
knee was broken, by the kick.
The bone was pressed in by bear-
ing his weight on the leg after it
was broken, making the operation
of setting it more difficult. Drs.
Collins and Swepston reduced the
fracture. Mr. Wood was yester-
day elected Commissioner of this
County by handsome majority.

Thousands of Accidents

The accident bulletin issued by
the Interstate Commerce Com-
mission for the three months ended
June 30, shows the total number
of casualties in the United States,
to passengers and employees while
on duty to be 16,937, as against
13,296 reported in the preceding
three months.

The number of passengers and
employees killed in train accidents
was 194, as against 274 reported
in the preceding three months.
The total number of collisions and
derailments was 3,103, of which
173 collisions and 163 derailments
affected passenger trains. The
damage by these accidents amount-
ed to \$2,373,924.

For the year ended June 30,
there was an increase of 546 in
the total number of employees
killed and 10,098 in the number
injured, while there is a decrease
of 119 in the number of passengers
killed and an increase of 1,145 in
the number injured, as compared
with last year.

United States Treasurer Opposes Third Term.

Utica, N. Y., Nov. 11.—"Roose-
velt's promise was as fundamental
as the Declaration of Independ-
ence," said Ellis H. Roberts, ex-
United States treasurer, today in
opposing another term for Presi-
dent Roosevelt.

"Roosevelt's promise," said Mr.
Roberts, "was as fundamental as
the Declaration of Independence
and as unrepeatable. Washing-
ton, in the fullness of his fame,
taught the lesson that to lay down
executive authority is its noblest
exercise. If he had yielded to
flattery to continue as president,
then, as now, sophists could be
found to argue that he ought to
hold the place, not for a third
term only, but so long as his in-
creasing experience was wanted."

The politicians who crowded
General Grant into becoming a
candidate for a third term inflicted
a great wrong upon his reputa-
tion. They were more intent on
keeping their own grip on the
party reins than on promoting his
honor.

"More than once the cry has
gone up that no president should
ever be re-elected at all. The rule
—unwritten, but absolute and un-
swerving—has back of it in differ-
ent ways the examples of Wash-
ington and Grant, that beyond two
terms the presidency will be in-
trusted to no mortal hands."

"This is not a one-man country
and the Republican party is not a
one-man party. The Republican
party lost Lincoln and Grant, and
did not die. It mourned the as-
sassination of Garfield and Mc-
Kinley, and went on with its work."

It is rich now in favorite sons.
Every part of the Union can fur-
nish candidates for the presidency.
Fairbanks and Cannon and For-
aker and Shaw have been talked
about. California could offer
Victor H. Metcalf, with a good
record in congress and the cabinet.
Secretary Taft and Elihu Root
have given proof sagacity and
ability in executive tasks such as
no other men have shown in ad-
vance of formal candidacy for
national office in modern times.
Charles E. Hughes, by election as
governor after a contest which
drew the eyes of all men, is raised
up on the shoulders of the Empire
state.

"No pretext, no plea can excuse
the violation of a pledge to be
true to a safeguard of liberty.
Whoever predicts that Mr. Roose-
velt will break his pledge slanders
him."

Official Report

one month ago. There is some
little complaint of mould in shock.

The area of potatoes is almost
twelve thousand acres less than
last year, but the total production
is approximately three million
bushels in excess of the crop re-
ported one year ago. The average
production per acre is 107 bushels,
with a total production for the
state of 13,198,961 bushels. The
damage by rot is estimated at 4
per cent.

The apple crop is variable over
the state, but as a whole is most
bountiful, being reported at 77
per cent. of an average.

Hogs, generally, are in good
condition and about the usual
number is being fattened. Hog
cholera is reported in many sec-
tions of the state.

32 Babies Burned.

In an interview, Coroner Murphy
said: "I have frequently asked
that a crematory for the purpose
of incinerating dead infants be
supplied for the morgue, but no-
thing has as yet been done. I
believe that it would pay for itself
in a short time."

"As it now is, it becomes neces-
sary for the county to pay \$10 to
an undertaker every time one of
the foundling infants is buried.
With a crematory in the morgue
the county would save this money
and at the same time physicians
could use the crematory for dead
infants. This would do away
with a good many of the sensa-
tions of finding dead infants in
the river or the sewers, as it would
give people a place to dispose of
dead children."

"I think we have cremated on
the average one child a month
at the morgue since I have been
coroner."

As Coroner Murphy has been in
office 32 months, the foregoing
statement means that he has cre-
mated 32 infants at the morgue.—
